Course Description: Frida Kahlo, Diego Rivera, Wifredo Lam—the names are familiar, yet why are these influential artists frequently omitted from twentieth-century art curricula? This course will provide an in-depth discussion of these and other pivotal Latin American artists, in order to establish an alternative vision of modernism. Twentieth-century Latin American art evolved through a complex relationship with the European avant-garde. Some artists re-appropriated European trends and transformed them into a uniquely Latin American idiom, whereas other artists reacted against international modernist tendencies and developed unique expressions of national identity. This course will address issues such as the relationship between social realism and politics, the expression of specific national identities versus the adoption of universal trends, the creation of an avant-garde in post-colonial societies, and the perception of the “fantastic” in Latin American art. Key figures in Latin American modernism from the Mexican muralists to the artists of the Taller Torres-García will be discussed, as well as the numerous women artists (Frida Kahlo, Maria Izquierdo, Remedios Varo, Amelia Pelaez, and Tarsila do Amaral) who made a unique contribution to Latin American art.

Course Format: The classroom experience is the core of the course. Class sessions comprise lecture/discussions on selected aspects of material introduced in that day’s reading assignment. Tests and quizzes derive from both what we cover in class and the readings, thus careful note taking is essential to your success in the course.

Objectives:

- To become familiar with the major movements in twentieth-century Latin American art
- To learn about these movements in their historical context and to recognize their formal/stylistic traits
- To develop analytical and interpretive skills and use them to discuss and write about works of art

Course Requirements:

- **Readings:** complete all reading before the class. If a reading is listed under February 13, for example, it should be completed before class on the 13th.

- **Participation:** (5% of your grade) Participation refers to both the content of your verbal contributions as well as your attention and response to others’ comments. The GMU catalogue reads: “Students are expected to attend the class periods of the courses for
which they register…instructors may use absence, tardiness, or early departure as *de facto* evidence of non-participation.” Everyone starts with a B as a participation grade. You will maintain that grade by simply coming to class (missing no more than 3 classes over the semester). To get an A for participation you need to actually contribute to class discussions. Your participation grade will be reduced according to attendance after 3 absences. You will not pass the class if you miss more than 50% of the class sessions no matter how well you do on other assignments.

- **Paper:** (20% of your grade) 5-6 pages. Specific assignment to be handed out in class.
- **Quiz:** (15% of your grade)
- **Mid-term:** (30% of your grade)
- **Final:** (30% of your grade)

**Grading Standards:**
C is the average expected performance of a college Student. To receive a C you must complete all readings and assignments on time, demonstrate a basic knowledge of the material, and write competently (all assignments must be well organized and have correct spelling and grammar). To receive a B your work must be substantially better than average and to receive an A truly exceptional. A work is meticulously researched, well written, and imaginative and goes above and beyond the assignment.
